## Philosophy of Consulting

My teaching philosophy centers on the belief that successful classrooms are grounded in strong relationships, high expectations, rigorous academics, and providing students with meaningful leadership opportunities. In my coaching practice, I focus on helping teachers recognize their strengths, set meaningful goals, and develop actionable plans to further enhance their instructional practices.

*Shea was a 2023 finalist for Amplify's Data Dynamo Science of Reading Star Award*

*Ms. Bruce was a selected presenter at the MNSAA conference*
